Career Experience

Senior IT Project Manager - Innovation Directorate PMO, KBC Group, Budapest, HU

2025 -

As a Senior Project Manager at KBC Group's Hungarian subsidiary, I lead TOP Priority projects across business, transition, and IT domains, driving them from initiation to successful delivery. I manage budgets, timelines, risks, and stakeholder expectations while ensuring alignment with corporate governance and project management standards (PMI).

- Successfully delivered IN TIME and IN BUDGET the SME Account Opening Redesign Project, resulting doubled conversion rate and reduced 35% opening time in account opening. Parallel leading PSD2 Onboarding Modernization Project and other 2 TOP Priority Projects to improve the Bank's competitiveness with Fintech.

CRM Service Leader - Customer Growth Team, Raiffeisen Bank International AG., Vienna, Austria

2023 - 2024

Facilitated the agile rollout of a Remote Collaboration Platform across countries, optimizing communication and remote operations, reducing the weight of Branch operation. Conducted comprehensive Business Analysis in collaboration with Service Design, Digital and Reporting teams, crafting business plans that reduced operational costs by 10% across 12 CEE NWBs through remote efficiencies. Developed new remote strategy enhancing omnichannel customer engagement resulting 50% cost saving. **Program:** Remote Collaboration Tool Implementation Program for CEE

Senior Project Manager - Digital Governance & Control, UniCredit Bank, Budapest, HU

2022 - 2022

Directed end-to-end project planning and implementation of the entire projects through budgeting, hiring team members, sourcing suppliers leading to on-time delivery. Managed project release schedules and closures optimizing delivery timelines and boosting team engagement. Developed detailed progress reports for stakeholders, facilitating transparency and strategic decisions, and successfully delivered parallel 3 projects. Successfully delivered **Projects:** SAS Data Visualization Project - led visible data accessibility, Trade Finance (Vessel Tracking) Project, SME Mobile Banking 1.0 Project

- Successfully removed roadblocks and fast-tracked activities to meet targeted Go-live dates in digital projects, sorted out budgetary confusion and overlapping reporting duties.

Project Manager - Alternative Channels CE&EE, UniCredit S.p.A., Milan, Italy

2020 - 2022

Led the Mobile First 2.0 Project rollout across RO, SI, SK, HU coordinated investments, user events and customer care area which improved customer satisfaction by 25% across 11 countries. Partnered and led the UX Design team to ensure timely delivery aligned with the Backlog Roadmap, enhancing customer experience and reducing user complaints by 15%. Spearheaded collaboration with Retail, GBS, and external teams, including UniCredit Services to

...continued...

conceive, develop and implement digital projects, ROI based analysis of Business. Assisted in development and presentation of business cases to executive leaders. **Projects:** IB, PWS, MB Digitalization Program for CEE

- Achieved KPI improvement for Average Monthly Active Users on Active Clients to above 55%, YoY +21%

Senior Project Portfolio Manager, UniCredit Bank, Budapest, HU

2019 - 2020

Provided quality checks on Bank's operational procedures and policies to be compliant with Group Rules. Process monitoring of effectiveness, performance, and provision of measurement assistance for procedure. Maintained standards, comprising methodologies, tools, guidelines, and quality assurance to align with the goals of Group. Updated development methodology descriptions, including guidelines, manuals; oversaw and directed the duties involved in improving the process. Ad-hoc Project Management shadowing tasks. **Portfolio:** IT SW Portfolio Management

- Developed Quality Assurance (QA) sessions, expanded Independently Developed Programs (IDP) registration, streamlined communication between business and IT departments

Mobile Banking Product Owner, UniCredit Bank, Budapest, HU

2017 - 2019

Operated in management of mobile backlog in agile product development, including new function prototyping, writing business specifications. Collaborated with Global Programs comprising 3DS, PSD2, GDPR, Instant Payment, and mCash. Oversaw all aspects of drafting, backlog prioritization, T-shirt sizing, UAT testing, maintenance testing, resource handling, aligning with stakeholders locally and internationally, such as UniCredit CEE Countries, External Providers, and CEE HQ. **Project:** Mobile Banking 1.0 Project and Mobile Banking 2.0 Project
